F. M. PALMITER & SON

Hybridizers and Growers of
Gladioli, Peonies, Iris, Phlox
JANESVILLE, : WISCONSIN

List of Gladioli for 1926

Two Wonderful Glads.

Pola Negri—Apricot with yellow lip. Ruffled, shading into rose and salmon on outer edges. One of the loveliest color combinations ever seen. The flowers on the spikes sometimes come irregular. It is a very heavy propagator. We especially recommend this variety, as all who have seen it have placed orders for it. 50c

Beatriz Michelena—Peach red overlaid with fiery orange. A thin ruby stripe through lower petals surrounded with white speckles. Large flowers, with a large amount of flowers open at one time, same of very lasting quality. This variety is perfect in every detail and a masterpiece in Gladioli. \$1.00

Our Own Introductions

We have decided to put three of our own seedlings on the market this year, as follows:

Pink Art—Rose Salmon, sprinkling of Rose Madder. Creamy yellow throat. Daintily ruffled, with beautiful waxy appearance. Four or five open at one time, and comparing it with all other varieties we have grown, find it surpasses them all in keeping qualities which make it very desirable as a florist's variety and a cut flower for the home. Price 50c. Only one to a person.

Highland—Base, cream, blushed with Mauve pink. Lemon yellow throat, lower petals striped with carmine. Strong growth with large wide open flowers. Price 25c. Only one to a person.

Henna—Base rich salmon overlaid with copper bronze. Lemon yellow throat. Crimson blotch on lower petal set on lemon yellow. Strong growth flowers slightly hooded with beautiful mauve stamens. Price \$1.00. Only one to a person.

NOTICE—Where large size bulbs are ordered and we are out of them, we reserve the right to put in two medium, blooming size bulbs in place of the one large one.

Standard Varieties

	Each	Dozen
America—Most popular light pink in the world.....	\$.05	\$.50
